Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner phoned Applicant's representative to inquire into the status of the case on January 6, 2005 because a reply to the restriction requirement had not been received. Mr. Hayden informed Examiner that the restriction requirement was sent to him in error because the numbers of the application number were transposed. The restriction was directed to another, unrelated case. Mr. Hayden reminded Examiner that they had spoken in June of 2004 and he had agreed to destroy that action so that Examiner could issue the written restriction requirement in the correct case. Examiner indicated to Mr. Hayden that she would work to return his case to the proper Examiner (Karabi Guharay) and to remove the non-final action code from his case in our PALM system ..
